

**We wish you all the best, Barry!**

## ***Bob Crow attends Branch to present the Retiring Vice-Chair Barry McCormack with a gift of thanks***

Mays Branch meeting had a unexpected twist for Branch Vice Chair, Barry McCormack. Thinking that the General Secretary was at Branch to discuss the current dispute, Barry introduced him to the branch, and Bob surprised him with a thank you speech, and presented Barry with a engraved silver tankard with the Branches appreciation.

***Good Luck Barry, We wish you all the best!***

## ***The Past we inherit, the future we build, Introducing the New Vice Chair, Barry Hodges***

Out with one Barry, in with another... Neasden Branch warmly welcomed Barry Hodges, a Station Supervisor from Uxbridge into the role of Neasden Branch Vice-Chair.

Barry was nominated by his station colleagues, and seconded by train crew... and voted in unanimously by the branch.. Proving that being in an all grades union really is the best place to be.

# Have You Met??

**Les Bruty — Neasden Branch Secretary**

## Position

**Instructor Operator (Jubilee)  
& Health & Safety Rep**

## Location

**Wembley Park**

## Length of Union Membership

**22 Years**

**Q: Les, Thanks for agreeing to being interviewed, You've been the Neasden Branch Secretary for nearly 8 years, how has the branch evolved in that time?**

A: I'm really proud to have been voted in for 8 years, I must be doing something right! I've seen the move to a more central meeting venue for members (the torch public house, Wembley park) which has increased the amount of members attending branch, and the branch receives a truer picture of how the troops on the ground are feeling on all groups and depots.

**Q: Wow, so a lot of change then, what is your proudest achievement as Branch Secretary?**

A: it has to be the way the branch pulled together, and got Raj Nathvani re-instated after a vicious summary dismissal. That day made me proud not just to be a rep and branch secretary, but to be a member of the RMT

**Q: if you could give one piece of advice to your membership, what would it be?**

A: don't stay silent, if you have a problem or question, ask your reps and branch officials, make them work for you, the member.. And of course, if you are not a member.. See one of our reps or officials to join the RMT, or visit [www.rmt.org.uk/join](http://www.rmt.org.uk/join) or the branch website.
