STILL FIGHTING FOR NOEL

East Ham Branch wrote to Mick Cash, RMT General Secretary calling on him to meet with London Underground about their blatant breaches of procedure and demand the full and immediate reinstatement of Noel Roberts.

Mick Cash has responded and this resolution is going before the General Grades Committee who will make a decision, as per union rule book.

In the meantime, please look out for members of this Branch and other reps and activists who will be visiting all station in the Branch over the next few weeks to present the facts of this case to you.

If you would like to join us, please email eastham@rmt.org.uk

Anti Social Behaviour

It was reported that there has been a rise in antisocial behaviour in the Branch area. We must continue to ensure that all instances are reported to the police and an EIRF completed.

Train ops should pass on details to station staff assisting with incidents

- We are still in dispute with the company over the Fit for the Future plans.
- Local roster consultations will take place with all reps in attendance

- RMT demand proper guidance on iPads to ensure usage can't be used to discipline our members
- CSS training is exactly the same as current SS training. RMT asks why should our members have to train again for a job they are already licenced to do?

The RMT LGBT conference will be taking place from 8th – 10th May in Brighton. There are still spaces for two more members of East Ham Branch to attend. It is a great conference and fantastic opportunity to influence union policy with other LGBT members. If you are interested in attending, use the contact details below

For more information on what East Ham Branch is doing or to join RMT, see your local rep or contact Lorna Tooley, Branch Secretary at eastham@rmt.org.uk or on 07949290973

Next Branch meeting
Thursday 5th March 2015
16:45hrs
The Spotted Dog
Next to Barking station
