

Automatic Running Delayed

The start of automatic train running on the H&C has been delayed until at least the end of June.

A train being tested in ATO crashed into the platform at Aldgate and this is being investigated by the ORR. There will be an amnesty on errors during the transition to automatic running. Speak to your Trains rep for more details

Well done to everyone who took part in the Branch organising day on Thursday 7th June. We got to meet lots of Branch members and sign up 6 new members

Crossrail Staffing Levels

There is an ongoing review of staffing levels on our stations that will serve Crossrail. RMT demands that these stations are properly staffed and safe. We will be working hard over the coming months to ensure that London Underground listen to our concerns and take them seriously. If they continue to ignore us, we will have no option but to ballot our members at affected stations. Speak to your rep or attend members' meetings for the latest updates

Any attempt to discipline our members for closing stations will be fought at the highest level by the RMT
