Dear Steve

## **Night Tube Consultation**

As you are aware, London Underground intends to operate a Night Tube service on Friday and Saturday nights with effect from 12 September 2015.

In order to implement Night Tube it will be necessary to make certain changes to the operation of the business which in some areas affects employees' rosters. The purpose of this letter therefore is to inform you that, in accordance with the terms of our existing collective agreements, management will be commencing local consultation in the relevant areas with a view to implementing revised rosters.

The proposal is to add the additional night duties into the existing rosters while London Underground jointly implements the long term solution with the trade unions over the next year. However, as required by our collective agreements, the detail of the proposals will be discussed locally in the first instance.

Yours sincerely

Lance Ramsay
