STATION STAFF READY FOR ACTION IN JUNE!

STATIONS STRIKE AND OVERTIME BAN

After all grades action in March over jobs, pensions and agreements, the company diluted it's plans to attack our pensions. However, they have continued to attack station staff, releasing rosters with devastating cuts on 4 station cover groups, with more proposed across the network. Framework agreements for SRT and Revenue are being torn up, with serious threats to the protections we all have against changes to shifts and rest days. Talks have continued but there has been no movement from the company away from their position. Station staff have had no choice but to call the following further action

DO NOT BOOK ON FOR ANY SHIFT BEGINNING BETWEEN 00:01 AND 2359 ON MONDAY 6TH JUNE 2022. DO NOT WORK OVERTIME FROM 00:01 ON FRIDAY 3RD JUNE UNTIL 23:59 ON 10TH JULY 2022

Please let your local rep know if you can attend a picket on 6th June and let London Underground know that station staff will not pay for the pandemic with our jobs, terms and conditions. Further all grades action is coming but station staff cannot afford to wait.

STRIKE AS IF YOUR JOB DEPENDS ON IT - BECAUSE IT DOES!

EUSTON AND GREEN PARK MEMBERS STAND AGAINST TOXIC MANAGEMENT

After years of bullying and intimidation, members in these two areas have said enough is enough and declared that they were in dispute. A series of meetings followed in which reps requested an investigation and review with RMT involvement. This has been refused and members now have no choice but to take strike action on 3rd June.

JOIN THE CREDIT UNION!

There are 2 pay days in June and you will also receive backdated pay from April for this year's pay rise. However, there will be further action taken and there has never been a better time to set aside a rainy day fund. <https://www.rmt.org.uk/about/credit-union/join-credit-union>
