Duty Managers Strike!

It gives me great pleasure to report that many Duty Managers took strike action over the job cuts being enforced by LUL. Some of the most successful locations where managers decided enough is enough, were: Shepherds Bush most DSMs took strike action, Hammersmith D&P not one DSM booked on for duty on the Tuesday of the strike, Wembley Park no rostered DMTs booked on and many other locations saw Duty Managers take action and standing up for their jobs, along with the other grades. It was also excellent to see our colleagues in TSSA take action with us. United, we stand a chance of defeating these and future cuts. Devided the company win and your families lose out. It's as simple as that. So please keep it up and improve on the last strike with even more Duty Managers joining our fight.

Do not to book on for any shifts commencing between 18.29 hours on Sunday 3rd October until 18.28 hours on Monday 4th October
