

Duty Managers Jobs To Go!

It has now come to the attention of the RMT that your jobs are about to be savagely slashed by the Senior Management! Yes the Senior Managers you supported by helping to keep stations open and trains running during strike action by the other grades and some in your own grade.

While these Senior Managers plan how to spend their bonus's you can plan for your unemployment.

Rumours suggest there is lots in the pot for severance payments but the fact of the matter is most has been spent on the OCR with many admin jobs lost in 2009 at head office.

We have learnt they intend to get rid of over 200 DSM jobs and they are planning on cutting even more DMTs

Groups are being amalgamated with other groups losing GSM, DSM and Admin jobs.

This is your:

“THANKS TO YOU !!!”

ASLEF did a deal for train operators and ignored Duty Managers. We are an all grades union that fights for all jobs.

ACTION! is what is needed and now!

**Don't go on supporting the managers that want to
SACK YOU !!!!**
