The RMT are organising a Mass Meeting for ALL staff working for LUL, Metronet and TfL to discuss an end to the bullying of our members that has seen disciplinary clampdowns, harassment of people that happen to get ill and even covert surveillance of our members and their families; the continual breaking of agreements by management; the mass job cuts and the 2009 pay talks. Hear updates from your officials, obtain assistance from your reps and help set the agenda for the forthcoming Company Councils. We've seen enough of the attacks on our conditions and agreements and its time to speak out! It is very important that we have as large a turn out as possible.

**"UNITY IS STRENGTH"**
