

Solidarity Shown for Sacked Supervisor

Staff from Willesden Green Group, were out on strike on 23rd December to fight for justice!

Thank you to the members of staff who took a stand to right the injustice against Colleen Johnston.

Members on the Willesden Green Group took industrial action on Wednesday 23rd December 2009, in protest of the dismissal of Colleen Johnston and Draconian Management tactics of the GSM and DSMs at Willesden Green.

Colleen's Situation is as follows.....

Colleen got at a call at work to say her child has suffered a fall sustaining a head injury and there was a desperate need to get home. She tried to contact her DSM who was constantly engaged, so she advised another colleague of the situation who undertook to inform the DSM of the situation which he did.

As a consequence of this, all sorts of charges were thrown at Colleen including deliberately trying to avoid a D&A test (not true with medical evidence to support this) and dis-

obeying an instruction that no supervisors were to leave site (not true because no such instruction was given). Furthermore, she was not the only person to leave work that day, but nobody else was suspended, investigated or disciplined to the level Colleen has been subject to. But the facts are that Colleen's child did sustain an injury that day and there is proof to support this. And it is also true that Colleen had been highly active in helping with organising a dispute on the station group earlier this year. The whole thing stinks of local management looking to settle scores and they are using the most flimsiest of opportunities to do so. They cannot be allowed to get away with it.

Don't Leave Colleen Standing Alone, United we stand, Divided we fall!

Oliver TWIST vs Ebenezer SCROOGE!

Terry Kingham wishes his staff 'Happy New Year' by excluding Wembley Park Drivers from a free lunch

WEMBLEY park train operators were treated to scenes from two musicals this new years eve, but to no standing ovation!

Terry Kingham had placed up notices informing Wembley park drivers that there was no canteen facilities and that no lunch will be provided if you worked New Years Eve night and that this was 'combine wide'.

We are aware that our colleagues at Stratford and Neasden (Met), who dealt with the same abusive & drunk passengers in high volumes on new years eve night were given free packed lunches. Leaving Wembley Drivers to ask ' Please Sir.....!'

We were 'taught' on Valuing Time, that we should be collaborative and accountable.. Terry... Are you going to take accountability about not being Collaborative??? We Think Not!
