11 October 2010

To: General Secretary

Dear Bob,

Health & Safety Representative - Eamonn Lynch

The Bakerloo Branch agreed the following resolution:

"The Bakerloo Branch notes that Elephant & Castle health & safety representative Eamonn Lynch is facing a CDI on October 12th 2010.

This Branch agrees that if Bro Lynch is sacked or downgraded then this will be an attempt to victimise an effective RMT representative.

This Branch demands that if this occurs the GGC will serve notice on London Underground on Wednesday 13th October that we will ballot our train driver members at Elephant & Castle and Queens Park depots. Further that we will ballot our rostered and group reserve station staff at both locations.

Furthermore the Bakerloo Branch calls on the GGC to agree and make immediate arrangements that an interim relief tribunal is to be lodged as soon as possible."

Can you put this matter in front of the General Grades Committee as a matter of urgency.

Yours sincerely,

A handwritten signature in black ink that reads "Brian Munro".

Brian Munro
SECRETARY
