

SERVICE CONTROL

RMT members are being balloted for strike action and action short of strike action against management's current attacks on staff!

Jobs and conditions are under serious threat the District Line reserve is being reduced by four and numerous SCL2 jobs are going with the LIS role, LUL have also not delivered on a guarantee for SO4's to follow their work!!!

Staff have been offered a 5 year pay cut of RPi plus 1% for 2009, followed by just RPi until 2014! The real cost of living is going up, meaning we will receive a 5 year pay cut. That's not all less pay is less pension!

REMEMBER to use your vote!

VOTE

YES for Strike Action	X
YES for Action short of a Strike	X
